

The Colchester foundries that produced the standard cast iron lamp posts for the Council using the same wooden former were : Bennell & Co , F W Brackett, Catchpool & Co, A C Mumford, Truslove & Co ,Stanford & Co and C E Schlimper. All names are followed by “ Colchester” on the post.

Where I have listed no name ,these are the standard pattern but due to paint build up for example ,it is not possible to read the name.

There are lamp Posts that have been made by the Stokes of Mansfield foundry which are a very indentifiable model. There are also a large number with no name at all which are thinner than the standard and have a top piece that reminds me of a lily bulb. Hence : “thin lily” as an identifier.
